We consider the employees of the City of Seat Pleasant to be a valuable resource, serving the citizens in this community. This handbook has been written to serve as the guide for the employer/employee relationship.

There are several things that are important to take note of about this handbook. First it contains only general information and guidelines. It is not intended to be comprehensive or to address all the possible applications of, or exceptions to, the general policies and procedures described. If you have any questions concerning eligibility for a benefit, or the applicability of a policy or practice, you should address your specific questions to the Human Resource Officer.

Second, the procedures, practices, policies and benefits described here may be modified or discontinued from time to time. We will always try to inform you of changes as they occur.

Lastly, some of the subjects described herein, such as the Group Insurance Plans are covered in detail in official policy documents. You should refer to these documents for specific information, since this handbook only briefly summarizes those benefits. Please note that the terms of the written insurance policies are controlling.

This is an employment at-will relationship between City of Seat Pleasant and its employees. Nothing in this Employee Handbook is intended, nor any other Company document, confers a contractual right, either expressed or implied, to remain in the Company's employ. Nor does it guarantee any fixed terms or conditions of your employment. Your employment is not for any specific time and may be terminated at will, with or without cause or without prior notice, by the City of Seat Pleasant or you may resign for any reason at any time.

EEO STATEMENT

CHAPTER I.

Article 1. Welcome

Welcome to the City of Seat Pleasant, A Smart City of Excellence. As a City of Seat Pleasant employee, you are part of a workplace of dedicated professionals. You can take a great deal of pride in being associated with a hard-working organization that has a long-standing tradition of providing the very best in municipal services. The work we do every day contributes to the outstanding quality of life enjoyed by the citizens and businesses of the Seat Pleasant community through the development and delivery of reliable and efficient services. Always keep in mind that the citizens of the City of Seat Pleasant are our ultimate “employer.” As local public officials and employees, we are a service provider for City residents and the public in general. Customer service is our greatest quality.

Article 2. History

Seat Pleasant is a friendly community located just over the District of Columbia line at its northeast corner. The site is part of what had been the Williams-Berry estate until the descendants of General Otho Holland Williams, a Revolutionary War hero, and James Berry, a mid-17th century Puritan leader, sold it to Joseph Gregory in 1850. Designers of the Chesapeake Beach Railway, constructed between 1897 and 1899 between Washington and Chesapeake Beach in Calvert County, located their first station in Maryland (or last, depending on the direction of travel) on the railway’s right-of-way that traversed the Gregory property. They called the station “District Line.” In 1906, the growing number of residents in the area around the station adopted a more imaginative name for their community, “Seat Pleasant,” after the early Williams-Berry estate.

Steady growth of traffic on the Chesapeake Beach Railway between 1900 and its peak in 1920 translated into steady development for Seat Pleasant. When the community was incorporated as a city in 1931, it had a school, water company, sewer connections courtesy of the District of Columbia’s sanitary system, and reliable fire protection by the Seat Pleasant Fire and Community Welfare Association. By that time, the railroad had been in steady decline for a decade. In 1935, the railroad ceased operations altogether. The cause of its demise, highway construction, was clearly evident in Seat Pleasant. The City gained two State highways running through it — Maryland Route 704 (now called Martin Luther King Highway and previously named George Palmer Highway after a banker and community leader) and Maryland Route 214 (Central Avenue).

With highway construction came further expansion for Seat Pleasant. Construction of “affordable” housing, most notably the Gregory Estates apartments in 1949, was the catalyst for the migration of African-American families from the District of Columbia. Prior thereto, the community had been entirely white. In the 1980s, the old Chesapeake Beach

Railroad roundhouse and turntable were demolished to make room for the Addison Plaza Shopping Center on Central Avenue.

Like Watkins Hardware Store, which was a fixture in Seat Pleasant from the early 1900s until it finally closed in the mid-1990s, most of the testaments to the City’s past are long gone.

Two that remain are the Episcopal Addison Chapel (1696) and Mount Victory Baptist Church (1908). Goodwin Park, named after a former mayor, is the City's most prominent location.

Article 3. Departments

The City of Seat Pleasant consists of seven departments:

Finance

The Finance Department's activities and responsibilities include the receipt and disbursement of City Funds, financial reporting, investment of idle funds, control of fixed assets, collection of taxes and assessments for special projects, and assisting all departments in securing supplies, materials, equipment, and services. The Police Department operates under the philosophy of community policing and utilizes a problem-solving approach to address crime and traffic issues.

Public Works

The Public Works Department provides a variety of services such as snow removal, street sweeping, repair and maintenance of streets, sidewalks, and storm drains, beautification of the City's streets, public buildings, and parks, recycling, and city vehicle maintenance. The Public Works Department oversees maintaining all City facilities, including custodial services, utilities, repairs, supervision of construction, and service contracts of all major equipment.

Article 4. Government

The City of Seat Pleasant is governed by an elected City Council and Mayor and a City Administrator chosen by the City Council to implement their programs and run the day-to-day operations of the City. This form of government combines the voice of citizens through the Mayor and Council with the professional training of an Administrator.

The City Administrator calls upon every employee of the City of Seat Pleasant involved in recruitment, hiring, and promotions to exert their best efforts to achieve the goals set forth in the current affirmative action plan. The City Administrator also calls upon every employee to engage wholeheartedly in the effort to ensure a wholly non-discriminatory process of recruiting, hiring, and promoting women, members of minority groups, qualified handicapped individuals, and disabled and other covered veterans at all levels of employment throughout the City of Seat Pleasant also expects that outside agencies with which it contracts will comply with all applicable anti-discrimination laws.

Diversity within the City and community advances the working purposes of the City of Seat Pleasant, and an affirmative action policy is essential to achieving such diversity. The City of Seat Pleasant endorses the goals of equal employment opportunity and affirmative action as supportive of City of Seat Pleasant values and of the values of a democratic and pluralistic society.

But simply adopting a policy of equal employment opportunity alone is insufficient. The City of Seat Pleasant is also required to meet affirmative action program requirements established for contractors by the federal government and monitored by the Department of Labor. Such programs provide a mechanism for monitoring City of Seat Pleasant personnel policies to ensure equal employment, as well as a means for locating and eliminating any deficiencies in relevant areas of employment.

City of Seat Pleasant must and will maintain its commitment to the goals of affirmative action and equal employment opportunity. The City Administrator and employees Request continuing cooperation at every level of the City of Seat Pleasant toward implementing all City of Seat Pleasant's policies.

If you have questions or concerns about any type of discrimination in the workplace employees are encouraged to bring these issues to the attention of your supervisor or the City Administrator or Human Resources Director. Employees can raise concerns without fear of reprisal. Anyone found to be engaging in any type of unlawful discrimination will be subject to disciplinary action, up to and including termination of employment.

Article 2. Vacancies

When a vacancy occurs in a City position, the affected Department Head shall notify the City Administrator. Based upon availability of City funds, the City Administrator shall accept or reject the recommendation to fill a vacancy. If the recommendation is accepted, the vacancy shall be filled as soon as possible following advertisement on the City's website and in a newspaper of general circulations.

Article 3. Recruitment

The Human Resource Director has the responsibility for centralized recruitment and hiring of all employees, under the supervision of the City Administrator. The Human Resources Director develops and maintains effective recruitment processes that attract candidates possessing the education, experience, competencies, skills, abilities, knowledge, and other determined attributes to meet the current and future needs of the City.

The City encourages employees to assume higher-level positions or lateral transfers for which they qualify. Any full-time employee who believes he/she is qualified for the job may apply for the opening by notifying his/her immediate supervisor and the supervisor is responsible for the job posting and completing a transfer request.

Article 4. Procedure for Filling New/Vacant Positions

Each employee requesting a transfer or promotion will be considered for the new position along with all other applicants. Each transfer is judged on an individual basis, depending on the needs of the department(s) involved, employee's prior experience in the duties of the position, qualification, work and attendance record, and ability to perform the job successfully.

All unsuccessful candidates for the position will be told why they were not selected for the position. If in the City's judgment none of the internal or external applicants are qualified for the opening, the City may transfer a present employee who is willing to accept a transfer.

Once a decision has been made about filling a position with a current employee, the movement of that employee into the new position will be made as soon as any needed subsequent job filling is accomplished.

Employees promoted or transferred into a new job are in their initial period of employment for the first six months in the new position. This time period is for the employee to demonstrate his/her ability to satisfactorily perform the job. If the employee is unsuccessful, he/she may be returned to his/her old job. If his/her job is no longer available, the City will make an effort to find a position for which the employee is qualified (the employee will be paid at the wage rate for the position for which he/she is transferred) or the employee may be terminated.

1. No person shall be hired, promoted, or transferred into a new or vacant position until that position is properly funded, established, and assigned a salary range.

2. Job announcements shall be directed to appropriate sources to attract qualified candidates who possess the knowledge skills, abilities, and personal characteristics necessary for successful job performance. Job announcements for internal recruitments shall be limited to internal sources (such as e-mail). All external recruitments shall be posted electronically on the City website and shall appear in at least one other media, such as newspapers or the Internet.
3. Each employment announcement shall include all pertinent information, including job title, qualifications, examination information (if any), and an Equal Employment Opportunity statement.

Article 5. Family Members Employment

Employment of Family Members

An employee's immediate family member will be considered for employment within the City of Seat Pleasant if the applicant possesses all the qualifications for employment. An immediate family member may not be hired however, if the employment would:

1. Create either a direct or indirect supervision/subordination relationship with the family member; or
2. Create either an actual conflict of interest or the appearance of a conflict of interest.

These criteria will also be considered when assigning, transferring, or promoting an employee. For purposes of this policy, "immediate family members" include: the employee's spouse, brother, sister, parents, children, stepchildren, father-in-law, mother-in-law, brother-in-law, daughter-in-law, son-in-law, and any other member of the employee's household.

City of Seat Pleasant recognizes that members of a family or the same household may work in the same department or unit. However, in the interests of fairness and to avoid issues of favoritism or any potential conflict of interest, no employee may initiate or participate in, directly or indirectly, decisions involving a direct benefit to a member of the employee's immediate family, domestic partner or member of the same household. Direct benefits include, but are not limited to, hiring, salary and salary adjustments, promotion and work assignments.

Persons should not be employed in positions where they will be subject to the close supervisory authority of a member of their immediate family or household or where a member of their immediate family or household, in the ordinary course of business, makes decisions or plays a significant role in making decisions concerning their direct benefits. In situations where this policy would be applicable, but the department is large enough that decisions concerning direct benefits and supervision can be made without the participation of the immediate family or

household member of the person employed, hiring and other employment decisions should be made on the appropriateness of the situation, without reference to this policy.

In some instances, the City of Seat Pleasant's policy of preserving the confidentiality of records or other materials may make it inappropriate for a member of an employee's immediate family or household have access or perform duties pertaining to confidential records at the City of Seat Pleasant. For example, it is usually inappropriate for someone to have access to records concerning the performance of a member of his or her immediate family or household.

While general responsibility for ensuring adherence to this policy must rest with those responsible for appointments and assignments, a responsibility for sensitivity to the potential conflicts falls on those employees who work or expect they may work with family or members of the same household.

Employees who are interested in recommending family or household members for positions at the City of Seat Pleasant should refer them to the human resources contact. Exceptions to this policy, which applies to all categories of employment at the City of Seat Pleasant, require the written approval of the City Administrator

If employees have questions regarding the application of this policy, they should contact the human resources department or the City Administrator.

Consensual Relationships

In cases where a consensual relationship exists between individuals in inherently unequal positions of authority, it is important that the person in the position of greater authority does not exercise any supervisory or evaluative function over the other person in the relationship. Accordingly, the person in the position of greater authority must notify his or her human resource officer to evaluate the situation and ensure that alternate supervisory or evaluative arrangements are put in place.

Conflicts of Interest or Commitment

Employees throughout the City of Seat Pleasant have important fiduciary responsibilities in the work they perform. In support of these significant obligations, it is essential that employees perform their duties in a manner that will ensure no conflict, or any appearance of conflict, between their personal interests and those of City of Seat Pleasant.

Conflict of Interest

A conflict of interest exists when individual commitment to the City of Seat Pleasant may be compromised by personal benefit. Employees are expected to avoid situations or activities that could interfere with their unencumbered exercise of judgment in the best interests of City of Seat Pleasant.

In addition, it is considered inappropriate for employees to make use of City of Seat Pleasant's property or other resources, including time, to advance personal interests or activities during their employment at City of Seat Pleasant.

Conflict of Commitment

This policy is not intended to limit reasonable participation in professional and community activities that benefit and reflect positively on the City of Seat Pleasant, by agreement of the employee and his or her supervisor. Paid outside activities that primarily advantage or benefit the employee are to be performed on the employee's personal time. In some circumstances, accrued vacation or personal time may be not used to cover such absences.

Paid personal consulting activities or other outside pursuits are not to occur on City of Seat Pleasant's time. It is not permissible to use City of Seat Pleasant resources during outside consulting or other pursuits. These resources may include, but are not limited to, office equipment, supplies or support staff. Such activities must not divert an employee's attention from his or her City of Seat Pleasant's duties or consume so much time or creative energy that they interfere, or appear to interfere, with an employee's responsibilities to City of Seat Pleasant.

Relationships with Third Parties

Employees should pay special attention to ensuring they maintain the proper relationship between themselves and third parties with whom they come in contact during performing their jobs for the City of Seat Pleasant. These parties may include, but are not limited to, vendors of goods and services and citizens. Personal gain resulting from a relationship with a third party must be avoided. Such activity provides no useful business purpose and can create conflicts of interest.

Article 6. Resumes and Employment Applications

The City Administrator has a designated human resources officer appointee to maintain a reliable software component to advertise City positions and screen potential employees electronically. The appointee shall also create and maintain employment application forms on which applicants may formally submit their credentials. Employment application forms shall be available to the public during all regular business hours. The Human Resources Manager shall submit a written acknowledgement electronically of receipt to each job applicant and shall retain applications and resumes for a period of at least one year. Article 8. Background Investigations

A candidate shall be permitted to provide authorization for the City to not only conduct a reference check, but also a thorough background investigation including criminal history, driving record, educational degree(s), and certification checks. If positions involve the handling of public funds, information systems, confidentiality, security, or public safety, final candidates may also be subject to a credit check. Where credit checks are required, the City shall comply with the rights and notifications requirements outlined in the Federal Fair Credit Reporting Act. Background investigations described in this section shall be conducted by or at the direction of the Human Resources Director.

The City reserves the right to not offer a specific position or to terminate an employment offer, as required under State and Federal law and in accordance with City policy. In no instance shall an applicant or employee be discriminated against on the basis of any classification protected by law.

Article 9. Making Appointments

The City Administrator shall be the Appointing Authority for the City. Employee vacancies may be filled by regular appointment, temporary appointment, promotion, transfer, or demotion. The appointment of an emergency employee need not comply with the procedures of this Chapter.

Article 10. Probationary Period

1. Each employee receiving a regular appointment to a position not previously held shall serve a probationary period before being considered a permanent employee. The probationary period provides the employee with the opportunity to learn more about the City and demonstrate that he/she has the necessary skills and abilities to perform the duties of his/her position in a satisfactory manner.
2. All new employees shall serve a probationary period of three months before being considered a permanent employee, with the exception of sworn employees in the Police Department who shall serve a 12-month probationary period before being considered a permanent employee.
3. The probationary period is not a guarantee of employment during or after the probationary period. If the Department Head concludes at any time that the employee is not suited for

his/her position, the employee may be terminated or may be placed on extended probation, if approved by the City Administrator.

4. The City Administrator may extend the probationary period up to a maximum of two additional three-month periods to allow the probationary employee the opportunity to improve performance.
5. The City Administrator may not waive or reduce the probationary period for current employees who are transferred or promoted from within.
6. The probation period ends successfully when the Department Head evaluates the new employee in writing and authorizes his/her classification as a regular employee.

Article 11. Performance Evaluation

1. The employee shall be informally evaluated periodically during the probationary period to ensure satisfactory progress in meeting job requirements, proficiency in performing essential job functions, and to identify areas of improvement and development. The formal evaluation shall occur at least 15 working days prior to the expiration of probation.
2. The Department Head or immediate supervisor of an employee on probation shall submit the results of the evaluation to the City Administrator or the Administrator's designee. The results of the performance evaluation shall state, at a minimum, whether the work of the probationary employee has been satisfactory or unsatisfactory.
3. The City Administrator shall make the final decision as to whether the work of the probationary employee has been satisfactory or unsatisfactory.

An unsatisfactory rating shall result in either the extension of the probationary period or termination. In the event that an unsatisfactory rating results in an extension of the employee's probationary period, the employee's supervisor shall be required to create a probation improvement plan for the employee and attempt to improve the employee's performance during the period of the extension.

Article 12. Termination during Probation

A probationary employee may be terminated at any time during the probationary period without any cause or reason and without notice. Such termination shall not be subject to review or appeal.

Performance Evaluations

Article 1: Purpose

The purpose of a performance evaluation is to document, at certain intervals whether the employee is meeting the established performance standard and provide recommendations on improving effectiveness as required. Performance reviews are normally conducted by your supervisor and discussed with you at the end of your initial period of employment (six months); annually; and at the time of promotion or reassignment. Counseling regarding performance will be conducted during each rating period or on an as needed basis. It is to be noted that repeated performance counseling is an indicator of problems.

Once your supervisor completes the written performance evaluation it will be forward through your supervisory chain to the Human Resources Officer. These evaluations act as a guide in recommendations for continued employment, pay increases and promotion. A written copy of each performance review will be maintained in your permanent personnel file.

Increases in salary or promotion are not an automatic part of the performance review but are at the sole discretion of the City of Seat Pleasant. Determinations will be made based upon your entire work record (e.g. attendance, disciplinary actions, evaluations, etc.), the evaluation of your supervisor or his/her designee, the present financial circumstances of the City and, in case of promotion, the availability of appropriate positions. Additional performance evaluations will:

1. Help employees clearly define and understand their responsibilities;

18. Dealing with the public in a discourteous or unprofessional manner;
19. Failing to adhere to a dress code established by the City for the employee's position;
20. Making any false statement on an employment application; or
21. Violating any provision of these Rules and Regulations, regardless of whether a rule or regulation states that an employee who violates it may subject to disciplinary action.

Article 4. Types of Disciplinary Measures

1. **Verbal Warning:** a spoken warning or indication of disapproval concerning a specific act, infraction, or violation of a policy or procedure shall be noted in the employee's personnel file.

2. **Written Reprimand:** a written indication of disapproval concerning a specific act, infraction, or violation of a policy or procedure that is made a part of the employee's personnel record. This form of disciplinary action shall be used for matters rising above those for which an oral reprimand is appropriate but which does not warrant a more serious disciplinary action. A written reprimand shall be signed by the supervisor issuing the reprimand and the employee who is being disciplined.
3. **Suspension:** the placing of an employee on leave without pay status for a specified period for a specific act, infraction, or violation of a policy or procedure. The length of any suspension shall not exceed 30 days.
4. **Demotion:** any movement of an employee from one classification to another that has a lower maximum salary rate and less difficult or responsible duties.
5. **Dismissal:** the removal of an employee from City employment.

Article 5. Who May Discipline Employees

1. Verbal warnings may be issued by supervisors, Department Heads, or the City Administrator for infractions or work rules.
2. Written reprimands may be issued by a Department Head or City Administrator.
3. Suspensions, demotions, and dismissals may be issued with City Administrator approval.

Article 6. Pre-Disciplinary Notice and Right to be Heard

1. Subject to Paragraph 2 of this Article, written notice signed by a person authorized by Article 5 to administer discipline shall be given to each employee stating the reasons for the disciplinary action and the date it is to take effect. The notice is to be given to the employee at the time such action is taken and in any event and as soon as reasonably practicable after the date of violation or discovery of same and after the pre-disciplinary meeting if one is required. A copy of the notice signed by the employee in the employee's file shall serve as prima facie evidence of delivery, except that if an employee refuses to sign the notice, before placing the notice in the employee's file, the person administering discipline shall endorse on the notice that the employee refused to sign.
2. In any case of a proposed disciplinary action which involves dismissal, demotion, or suspension of an employee who has completed the probationary period of employment, a pre-disciplinary meeting shall be held by the person administering discipline as soon as practicable following the preliminary determination to impose disciplinary action. If practicable, the meeting shall be held within two working days after the employee has been informed of the potential discipline. No disciplinary action shall be implemented until after the completion of the meeting. Written notification of the pre-disciplinary meeting and the general reasons for the meeting and the proposed disciplinary action shall be given to the

employee. The employee also shall be advised that the employee shall be afforded an opportunity to respond to the proposed disciplinary action and the reasons for it. The general procedure for a pre-disciplinary meeting shall be the presentation of the action to the employee which is being considered as grounds for dismissal, demotion, or suspension by the supervisor and the opportunity for the employee to respond to the allegations. This shall not be a full administrative hearing, but rather a means for the person administering discipline to determine the validity of the allegations.

Article 7. Causes for Dismissal

An employee may be dismissed for one or more causes set forth in Article 3 or for any other conduct that is detrimental to the discipline or efficiency of the City and that a reasonable person would recognize as good cause for dismissal.

Article 8. Conflicting Policies

Except as provided in this subsection, the provisions of this manual apply to all employees of the City, unless the provisions conflict with or are inconsistent with the state or federal legislation or a written contract of employment

When discrepancies exist between the City's personnel manual and police specific policies FOP, the Seat Pleasant's department's policies and procedures manual shall be the superseding authority.

Chapter XIII.

Grievance Procedures

Article 1. Policy

It is the desire of the City to resolve grievances informally in a prompt and equitable manner. Whenever possible this shall be done informally and both supervisors and employees are expected to make every effort to resolve problems as they arise. However, it is recognized that there may be grievances which can be resolved only after a formal appeal process. Nothing shall preclude any employee, including a probationary employee, from making a formal complaint regarding a violation of civil rights or retaliation with the City. Alleged discriminatory treatment need not be stated as a grievance. The employee may report such to any federal, State, county, or city officer designated to such complaints.

Article 2. Applicability and Eligibility

1. This Article governs grievances of all employees of the City and supersedes any regulation, rule, or order in all City departments.
2. Only a regular employee may file a grievance.
3. Exclusions: A grievance may not be filed when it involves:
 - a. A grievant who is a temporary/seasonal or probationary employee;
 - b. Actions or procedures governed by the LEOBR, unless the employee has waived the employee's rights under the LEOBR and elects to proceed with the grievance process under this Chapter XIV;
 - c. Actions taken by the City Council which are policy decisions and not management/administrative actions;
 - d. Non-selection for promotion, provided that the sole reason for the grievance is based on opinion and is not substantiated by fact;
 - e. Documented warnings not filed within the employee's official personnel records;
 - f. Performance appraisals with an overall rating of "satisfactory" or better;
 - g. Withholding a salary increase due to less than satisfactory performance;
 - h. Position classifications;

- i. A supervisor's determination of the job responsibilities and performance standards of an employee's position;
- j. The content of published City policy;
- k. Separation due to reduction in work force; or
- l. The City's decision not to renew an employment contract.

Article 3. Procedures

1. **Grievance Criteria.** Subject to the eligibility requirements and exclusions above, a regular employee may file a written grievance when the employee is adversely affected as a result of: (1) the application of the provisions of these Rules and Regulations to the employee, including disciplinary actions taken pursuant hereto; (2) the actions of a supervisor; (3) alleged discrimination or unfair treatment; or (4) unsafe or unhealthy working conditions. A grievance must contain, at a minimum, the relevant facts and dates, specifics of the act and harm done, and remedy or adjustment requested.
2. **Compliance.** A failure on the part of an employee to comply with the time limits and requirements set forth in this Section shall result in the employee waiving his or her right to pursue the matter as a grievance or appeal of such.
3. Every grievance pursuant to this Section shall be immediately dated and logged by the person receiving it. The grievant shall be provided a copy of the date and logging information.
4. The final decision of the City shall be the decision at the highest step or level to which the grievance or appeal was made. Unless the City Administrator determines otherwise, the discipline/termination that is the subject of the grievance shall ordinarily not be effective until the final decision by the City.
5. An employee may also follow the outlined grievance procedures by registering their grievance with the Human Resources Officer, who shall follow the above grievance procedures.
6. **Applicable Steps.**
 - a. Ordinarily, the grievant shall follow the steps in the order outlined below.
 - b. Any grievance involving a suspension, fine, or probation imposed or approved by the Department Head for a regular employee shall commence as a Step 2 grievance. Such grievance must be filed within five business days of the announcement of the action.

- c. Any grievance involving the termination of a regular employee is an immediate Step 3 grievance. Such grievance must be filed within five business days of notice of termination being sent to the employee.
- d. For a regular employee subject to the direct supervision of the City Administrator, Step 3 shall ordinarily be the only grievance step applicable to such grievance. Such grievance must be filed within five business days of the occurrence.

7. Miscellaneous.

- a. Any party to a grievance may have an attorney present to advise and/or represent them at any step in a grievance.
- b. No new issues may be added to the appeal of any grievance after the initial grievance. Hence, after the employee's initial grievance, any step or level of grievance above the initial step or level of grievance shall be limited to the issues raised in the first grievance.

Article 4. Grievance Steps

Step 1.

Unless otherwise provided, the employee shall first present to his/her immediate supervisor a written grievance within five business days of the occurrence. The grievance shall conform to the requirements in the definitions of "grievance" in these regulations. The supervisor shall make careful inquiry into the facts and circumstances of the issue and shall respond in writing as soon as possible. If the supervisor fails to respond in writing within five business days, unless the supervisor affirmatively in writing extends the time to respond, the grievance shall be deemed denied. The supervisor, upon receipt of the grievance, shall immediately notify the Department Head of the nature of any grievance and thereafter shall promptly notify the Department Head of the action (or non-action) taken in response.

Step 2.

1. An employee who is dissatisfied with the decision(s) in Step 1 or who is otherwise entitled to bypass Step 1 may submit his/her grievance in writing to the Department Head within five business days of the supervisor's response or within five business days from the date the supervisor was required to respond. Any grievance filed with the Department Head shall, in addition to the requirements of a Step 1 grievance, include the names and addresses or phone numbers of all witnesses.
2. The Department Head shall meet with the employee as soon as possible and may also conduct a separate investigation. However, the Department Head shall give the employee a written decision and the reasons therefor within five business days after the date of the meeting, with a copy to the City Administrator. Unless the Department Head affirmatively

in writing extends the time to respond, when the Department Head fails to render a written decision within the five-day period, the grievance shall be deemed denied.

Step 3.

1. An employee who is dissatisfied with the decision(s) in Step 2 or an employee who has an immediate Step 3 grievance may file a written grievance/appeal with the City Administrator. Step 3 grievances/appeals shall be accompanied by a statement as to the nature of the grievance as provided in Step 2. Appeals from a Step 2 grievance shall be sent by the employee to the employee's Department Head at the same time as it is filed with the City Administrator. It shall be the duty of the City Administrator to promptly inform the Council of the filing and progress of any Step 3 grievance.
2. The City Administrator shall ordinarily be the Hearing Officer. In the event the City Administrator directly supervises the grievant (a Department Head or an employee in the City Administrator's office), the Council shall appoint a hearing officer. In any Step 3 grievance, where the Council, in its sole discretion, determines that the interests of the City or an unusual circumstance so dictates, the Council may appoint one or more independent arbitrators or mediators to take appropriate action, including serving as the Hearing Officer in a Step 3 grievance. The Hearing Officer in any Step 3 grievance shall hear the grievance and have all authority to decide the matter.
3. The Hearing Officer shall promptly conduct a hearing in the presence of the grievant and the appropriate City employee, both of whom shall have the right to request summons of witnesses and produce such relevant evidence as may be desired. The grievant, Department Head, or other appropriate City employee and the Hearing Officer shall have the right to be represented and/or advised by counsel.
4. The hearing shall be closed to the public in all cases unless the grievant elects otherwise, all parties agree, and the hearing officer finds that the interests of the City and of any City employee cannot be harmed by the hearing being open to the public. The Hearing Officer shall determine prior to the hearing: (1) procedures regarding the presentation of evidence; (2) the order in which the parties shall present the evidence; and (3) such other matters as the Hearing Officer considers appropriate to conduct a fair hearing. The hearing shall be recorded, videotaped, or transcribed, witnesses shall be sworn by the Clerk or another individual authorized to administer oaths, and all documentary evidence shall be marked, identified, and either admitted or not admitted as evidence. Formal rules of evidence shall not apply, but efforts shall be made to admit only credible, material, or relevant evidence. The Hearing Officer shall consider only the testimony and evidence presented at the hearing necessary to make a decision, which shall be in writing.
5. The Hearing Officer shall have full authority and discretion to decide all procedural and substantive issues in the grievance, basing his/her finding and conclusion on a preponderance of the evidence. The Hearing Officer may change the decision of the Department Head, in the event of an appeal from a Step 2 grievance, only upon finding that the Department Head's action was: (1) not supported by competent, material evidence or

by a preponderance of evidence; (2) made upon unlawful procedure; or (3) arbitrary or capricious, and may, if the facts warrant, order payment of part or all of the salary to the employee from the date the action against the employee was effective or any other appropriate relief. The decision of the Hearing Officer shall be final, subject to any right of grievance review by the Circuit Court of Prince George's County authorized by law.

Chapter XIV.

Separations

Article 1. Voluntary Separations

1. Resignation

- a. An employee shall resign from employment by presenting a resignation in writing not less than two weeks prior to the effective date. A resignation may be withdrawn by an employee at any time prior to the effective date with the approval of the City Administrator and Department Head. The requirements of this paragraph may be altered in writing, as agreed to between the City Administrator and the employee.
- b. Any employee who fails to provide notice as set out in paragraph 1 Article 1 shall be deemed out of good standing with the City and shall be ineligible for rehire, absent extraordinary circumstances.

Article 2. Involuntary Separations

1. Reduction in Force; Layoff; Furlough.

- a. The City Administrator may terminate the employment of any employee because of lack of funds or government workforce reorganization or curtailment of work. However, no regular full-time employee shall be subject to lay off from a department while there are probationary, part-time, or temporary employees serving in that department. A Department Head may, with the approval of the City Administrator, appoint an employee who is to be laid off to any existing vacancy in a lower class for which the employee is qualified. The order of layoff shall be determined by employees' past performance and attendance and the requirements of service that are continuing. The City shall provide two weeks' notice or equivalent compensation to persons whose employment is terminated under this section.

Employees on probation may be terminated by the City Administrator without notice. Employees with permanent status also may be terminated without notice.

- b. The City Administrator, with the approval of the City Council, from time to time may furlough all, or classes of, City employees on a temporary short-term basis to address a lack of funds reasonably available to the City to maintain a regular work schedule for all employees. Before implementing a furlough, the City Administrator shall prepare, and the City Council shall approve, a furlough plan that identifies the financial need for the furlough, the class or classes of the employee to be furloughed, and the reduction in work measures to be implemented as part of the furlough. A furlough plan may include reduced daily work hours, days off without pay, or other similar types of measures.

2. Death. At the time of death, the employee's beneficiary shall be eligible to receive wages due to the employee, as well as compensation for unused accrued annual leave in accordance with Chapter XI, Article 2, of these Rules and Regulations.

Article 3. Return of City Property and Final Payment upon Separation

1. All employees separating from the City for any reason shall, prior to the end of the last day of employment, return all City-owned property, equipment, and identification cards issued to the employee. Employee shall disclose all passwords to all electronic devices. Failure to do so shall result, to the extent permitted by law, in the deduction of the value of the City-owned property and equipment from the employee's final paycheck and the withholding of benefits otherwise due the employee at the termination of employment. An employee's acceptance of this policy shall be authorization by the employee to the deductions from the employee's final paycheck.
2. All compensation and payment for other benefits due to an employee at the time of separation shall be provided in one check, unless otherwise authorized by the City Administrator, subject to any deductions from such check as provided in this section and authorized by the employee.

Article 4. Exit Interviews

All terminated employees are required to schedule an appointment for an exit interview with the City Administrator or designee before leaving the City. Exit interviews are one of the best ways to get true and honest feedback from employees. An employee's honest feedback shall not result in repercussions from statements made during an exit interview and shall not be used to prevent future eligibility for rehire. The exit interview is an integral part of the City's employee retention efforts. The City is always looking for ways to retain its employees and feedback is valued.

EMPLOYEE ACKNOWLEDGEMENT FORM

I acknowledge that the Personnel Rules and Regulations Manual **IS NOT AN EMPLOYMENT CONTRACT**, but is to be used as an important reference tool for all employees.
